The Fund is managed by Crystal Hill Financial, Inc., a British Virgin Islands Corporation (the "Manager"). In investing the Fund's assets, the Manager focuses on markets and companies, which it believes, are inefficiently priced.

The *International Foundation Fund* is authorized to borrow money for investment purposes, which would increase the volatility of its performance and involves additional risks. See "Investment Objectives and Policies" and "Risk Factors."

The *International Foundation Fund* may invest in lower quality and non-rated foreign government bonds whose credit quality is generally considered the equivalent of U.S. corporate debt Securities commonly known as "junk bonds." Investments of this type are subject to a greater risk of loss of principal and interest. Purchasers should carefully assess the risks associated with an investment in these Funds. See "Investment Objectives and Policies" and "Risk Factors."
