**Offshore Investing and Offshore Asset Protection**

You **CAN** protect your assets from creditors in spite of what the latest spin is in the world of **offshore asset protection**. By simply employing well thought out **offshore investing** strategies, we can help protect your assets from the unexpected.

*We live in the most litigious time in the history of the human race!! If you leave your assets unprotected, you stand the chance of losing everything to a frivolous lawsuit.*

Carib Offshore's speciality is to set up customised **offshore investing** strategies that are insurance backed events which offer asset protection from unpredictable events and costly lawsuits.

Carib Offshore is a large affiliate network of offshore asset protection service providers servicing clients worldwide. Centred in the Caribbean on the island of St. Maarten, Carib Offshore is managed by the **Trust Company of St. Maarten (TrustCo)**. The uniqueness of this relationship is that almost every insurance or asset protection service that you may require can be dealt with directly through us.

Our expertise is in the following areas:

- [Offshore Investing](#) - Investing opportunities utilising insurance backed products for financial security.
- [Offshore Asset Protection](#) - Custom tailored asset protection strategies.

There are many other [specialised insurance](#) and asset protection solutions that the knowledgeable people of **TrustCo** can be of assistance. Just browse the menu at the top left area of this page for information on other types of offshore investing strategies.

Remember, we specialise in the **personal approach** to asset protection. Every individual has unique financial circumstances and every TrustCo solution is personalised. So [contact us](#) or send an e-mail at the address below. We are waiting to assist you **NOW**.
